

The Art of Feedback Training Session

Sponsored by the EVMS Master of Surgical Assisting Program

Friday April 21st 2:30 – 4:30pm in the Monticello Room

Two (2) Continuing Education Credits awarded.

Skills that Promote Effective Feedback as a Surgical Assistant Preceptor/Mentor

This interactive workshop will enhance participants' constructive feedback to support student trainees and team members' development.

1. Identify areas of feedback challenges
2. Distinguish between behavior, inference and judgment
3. Recognize key concepts of effective feedback
4. Practice application of behaviorally anchored communication strategies

The skills which will be presented have universal application for all attendees at the conference who serve as mentors, new colleagues, and students.

Active learning strategies focused on engaging participants will be used throughout this session.
